

# What to Pack for the Residence Halls

Your residence hall room comes with an extra long twin bed and mattress, desk and chair, dresser, closet or wardrobe, and floor lamp or built-in lighting. Rooms have tile floors and window blinds. In each hall, there is a laundry room(s) with washers and dryers. Laundry machines are free except hot water wash cycles which cost a quarter. All residence halls, not including apartments, have community style bathrooms.

If possible, talk to your roommate when you are planning what to bring. However, if you are unable to do so, pack possible double items in a way to make it easier to leave in the vehicle to go back home. Keep in mind that lofts are not allowed and college-owned furniture may not be removed from your room.
